III. It was the committee’s proposal that for these two scenarios, the Accounting Officer should invoke the provisions of Section 57 and 71 of the Public Procurement and Asset Disposal Act 2015, as read and applied with Regulation 44 and 70 of the Attendant Regulations 2020 and invite for registration more suppliers in the affected categories as and when need arises.

IV. The Committee noted during the evaluation process that **Category Number 14** was skipped when the Tender was advised.

Pursuant to Section 95 (1) of the Public Procurement and Asset Disposal Act 2015, the Evaluation Committee after recording the results of its evaluation based on the Evaluation Criteria in the Prequalification Documents stated which candidates were found to be qualified and the reasons why some candidates were not qualified and grouped them as follows:
